

TechNet Pacific Northwest

26 – 27 Feb 2025 | American Lake Conference Center – JBLM | Tacoma, WA

Scott K. Pickett
VP of Product & Service Delivery
TSRI

Scott K. Pickett serves as the Vice President of Product & Service Delivery at TSRI. With a proven track record of building successful organizations from the ground up and driving technological advancements for established enterprises, Scott brings a wealth of expertise to his role. His global, cross-industry experience spans startups to large enterprises, delivering innovative solutions in embedded software, configurable logic, networking, communication systems, and software development. At TSRI, Scott leads initiatives in application modernization and cloud migration, driving impactful transformations that empower organizations to thrive in the digital age.
